**REQUEST FOR REVISED COMPLIANCE DATE, IN-SITU REACTIVE ZONE PILOT TEST, BUILDING 2, BOEING REALTY CORPORATION, FORMER C-6 FACILITY, NORMANDIE AVENUE, LOS ANGELES, CALIFORNIA, (FILE NO. 95-036)**

Dear Mr. Stavale:

We have received your letter dated June 21, 2001 [June 21, 2002] requesting a revised compliance date for the in-situ reactive zone pilot test. Our previous letter (Letter) dated May 17, 2002, (copy attached) approved the Building 2 In-Situ Reactive Zone Work Plan (Work Plan) and required Boeing Realty Corporation (BRC) to submit a work plan for full-scale groundwater remediation by December 31, 2002. Your June 21<sup>st</sup> letter explains that the initial schedule proposed in the Work Plan should have stated that the pilot test would take about two years instead of five months. Consequently, BRC is requesting a due date extension from December 31, 2002, to December 18, 2004, in which to submit a work plan for full-scale groundwater remediation. We have completed our review of your request and you are hereby granted the due date extension from December 31, 2002, until **December 18, 2004**.

**Please contact Mr. John Geroch at (213) 576-6737, or Dr. Rebecca Chou at (213) 576-6733 if you have any questions.**

Sincerely,

Dennis A. Dickerson  
Executive Officer
